RE: Tank Closure Report
NC Highway-Market
2527 E. Market Street

Dear Ms. Cihak:

As we discussed today, an extension is requested until August 31, 1998, to submit additional soil sample analyses. Five samples were collected on August 14 and submitted to the lab for analyses by Method 8021, including IPE and MTBE. A tank closure report addendum will be submitted to describe this additional assessment. If you have questions, please call me at (919) 733-2220.

Sincerely,

A handwritten signature in cursive script, reading "Eric Motzno".

Eric Motzno, LG
Environmental Engineer
